

21cc

Music and Lyrics by The Tadago Brothers

1st Verse

Damn...I'm a little down feeling like a man
I can't hold my head high when I stand
And I don't know why but I gotta get by
With the cool large ladies when they got a little trim
It's a sham...you feel 'em up and pay 'em 'cause you can
You're not Don Juan or Dapper Dan
But you got a good eye and the stuff to get high
With the hot small ladies when they're on a reel big film

Chorus

Yeah, take it in
Yeah, take it in, in deep now
Yeah, take it in
Yeah, take it in, in deep now

2nd Verse

Run around...lose yourself until your fate is found
You're last stop is velvet underground
With nothing to hide you don't want to live a lie
So live it up right walking on the wild side
A little lost...you don't know what you want to be
And you know you're not high society
So take a good job you don't need to steal or rob
You're a white collar pro you got a 21cc

Repeat Chorus

3rd Verse

You're in the in-crowd...you've made it to the top
But you're not proud...so say a little prayer but not loud
If your peers can't hear then your conscience will be clear
Make your girlfriends bend then slap 'em on the end
It's a new day...and everything is always going your way
So never mind what your old parents say
Cause they didn't know then and they don't know now
It's Generation Me you got a 21cc

Repeat Chorus (twice)

Solo/Break

You got a 21cc
You got a 21cc
You got a 21cc

Repeat Chorus (twice)

You got a 21cc
You got a 21cc
You got a 21cc
