Music and Lyrics by The Tadago Brothers

1st Verse

Pop up, take off, it's your swell
Nose dive wipeout with a story to tell
You're surfin'
Toes on the nose and boys on the plank
You'd rather go toobed on a shortboard than a tank
Just droppin' in

Pre-Chorus

Hodad honey and make a lot of money

Chorus

So blow out your tail and don't get caught inside
Cut back a breaker for a bumpy ride
Paddle out, close out, hollow lip
Make a wave, top turn, with your stick
(Blow out your tail and don't get caught inside)

2nd Verse

Take off point it's your tube ride
Kick out slowly or a tailslide
You're groovin'
Backside, frontside, you don't care
No standup surfen' just catch some air
You're floatin'

Repeat Pre-Chorus

Repeat Chorus (twice)

You're rippin'

3rd Verse

You're in the tube and you drop knee
You barrel out safely and see a shubee
On the shore line
But don't be a goon, stay stoked, it's fine
He's not a dude, kook, or grommet
He'll never know "da kine"

Repeat Pre-Chorus

Repeat Chorus (twice)

End (repeat twice)

You're rippin'
You're rippin'
You're rippin' now
You're rippin' now, you're rippin' now
