

Get Tatted
Music and Lyrics by The Tadago Brothers

1st Verse

Tabloid news got me down that's for sure
They can't leave me alone since I broke up with my girl
I call everybody "bro" they say I can't communicate
So I'll wear another tattoo that they surely won't translate

2nd Verse

Barbed wire on my arm and an eagle on my back
My parents will disown me if I get another tat
So I'll try a pierced ear, nose ring, or a nipple
If I don't deviate then my spirit will cripple

Chorus (repeat twice)

Get tatted
If you want to be a star
Get tatted
And show 'em at the bar
Get tatted
If you want to have some fun
Get tatted right now but don't do it on your bun, NO

3rd Verse

Drinkin' bullets all night I got women at my feet
Just because I'm painted for my balls they will compete
My boys are right behind me booze will make a fight break out
Then I'll hit it in the John and make that shorty scream and shout

4th Verse

Being me is really hard I need some time to be alone
Too many girls are always ringing on the phone
But one is kind of special she stands out from the rest
I'll tat her name on my arm and her face on my chest

Repeat Chorus

Solo

5th Verse

I am what I am just like Popeye way too cool
An anchor on my forearm makes a manly man tattoo
Each and every tat has meaning every day
If the media should ask me why then this is what I'll say

Repeat Chorus

End

Get tatted, tatted, tatted, tatted
Get tatted, tatted, tatted, tatted (get tatted right now but don't do it on your bun)
Get tatted right now but don't do it on your bun
Get tatted right now but don't do it on your bun, NO
Get tatted now, get tatted now
Get tatted right now, get tatted right now
Get tatted, get tatted, get tatted...
