

Tauntaun Heat
Music and Lyrics by The Tadago Brothers

1st Verse

Me and LH drinkin' 40s
Trying to keep it cool on a hot day
When this big girl walked by you know we caught her eye
So she asked if she could maybe stay
I said no way baby it sounds a little crazy
You're nice but you're heavy on your feet
If you want to hang around just slam a 40 down
And we'll bust your belly open for some tauntaun heat

2nd Verse

Me and K-Dawg we was walkin'
After bustin' out a hockey game
He said hey JC come and run with me
Let's go housing and have a little fun
You know I've been itchin' to go out sniffin'
With the boys downtown in SanJo
But the last time I came the chicks were pretty lame
And I got shot down ice cold

Bridge

So let's go ugly early and face the fact
That the girls that we all want to meet
Are dirty spoiled rotten, so we better find a fat one
And bust her belly open for some tauntaun heat

Chorus

Bust her belly wide open
For some tauntaun heat
Bust her belly wide open

3rd Verse

Me and Hefe hangin' sideways
Waiting at the corner bus stop
I see a girl she's a wench she's hoggin' all the bench
But I'm not about to blow my top
So I ask real politely do you think you could invite me
To sit down both together on this seat
She said no I said fine now I'm gonna make you mine
I'm gonna bust your belly open for some tauntaun heat

Repeat Bridge

Solo

½ Bridge

We're changing our minds 'cause baby got back
We like girls that have a lot of meat

End (repeat and fade)

Bust her belly wide open...
